Dear Madam or Sir:

The IAS Acceptance Criteria for Training Agencies for Work Force Qualification Programs (AC371) has been placed on the committee agenda for the above-noted meeting. The proposed changes are minor, moving requirements for financial condition and audits from Section 4.1 Organizational Structure to a new administrative Section 3.3 Financial. Subsequent sections under 3.0 to be renumbered as shown. The wording of this new section is consistent with ISO 17024, and is intentionally non-prescriptive with respect to relevant procedures, documents and records. One additional editorial change is also made to this section.

You are cordially invited to submit written comments, or to attend the committee hearing and present verbal comments. Written comments will be forwarded to the committee, **prior to the hearing**, if received by **August 28, 2008**. As stated in Section 4.0 of the Rules of Procedure for Accreditation Committee Meetings (Rules) (copy enclosed), all written communications and submissions shall be delivered at least ten days before the scheduled Accreditation Committee meeting if they are to be forwarded to the committee.

Any written material submitted for committee consideration will be available for public distribution as set forth in Section 4.0 of the Rules.

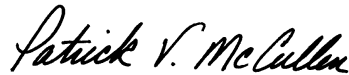

Visual aids (including, but not limited to, charts, overhead transparencies, slides, videos, or presentation software) for viewing at meetings will be permitted only if the presenter provides

to IAS, before the presentation, a copy of the visual aid(s) in a medium that can be retained by IAS with its record of the meeting, and that can also be provided to interested parties.

Your cooperation is requested in forwarding to the Whittier office all material directed to the committee. Parties interested in the deliberations of the committee should refrain from communicating, whether in writing or verbally, with committee members regarding agenda items. The committee reserves the right to refuse communications that do not comply with this request.
