This is to signify that

CXT, INCORPORATED
3808 NORTH SULLIVAN ROAD, BUILDING #7
SPOKANE VALLEY, WASHINGTON 99216

Fabricator Inspection Program FA-471

has demonstrated that its in-plant inspection program for precast/prestressed concrete fabrication is in compliance with the International Accreditation Service, Inc., Accreditation Criteria for Fabricator Inspection Programs for Reinforced Concrete (AC157) and is recognized under Section 1704.2.5.2 of the 2012 International Building Code®, and Section 1704.2.2 of earlier code editions, commencing April 5, 2012.

Accreditation covers inspections conducted in accordance with the fabricator's approved quality control manual and the requirements of AC157. Periodic inspections are conducted by Benchmark Holdings L.L.C. (AA-660), at 3808 N. Sullivan Road, Building #7, Spokane Valley, Washington, to monitor fabrication inspection processes for precast/prestressed concrete. Accreditation is limited to inspections related to the fabrication processes and procedures only. Accreditation does not cover the product, the design or the performance characteristics of fabricated products.
