**FIELDS OF EVALUATION** | **PRODUCT GROUPS** | **STANDARDS OR SPECIFICATIONS**
--- | --- | ---
Electrical Products and Components (continued) | Commercial utilization equipment and appliances including commercial cooking equipment, motor operated Commercial cooking equipment, refrigeration and cooling equipment, heating equipment, laundry and dry cleaning equipment, HVAC units, fan units. | On site evaluations are performed in accordance with the following:
QAI SOP 6.1 Field Evaluations of Electrical Products
NEC Sections 90.7 Examination of Equipment for Safety, and 110.3 Examination, Identification, Installation and Use of Equipment NFPA 790 and NFPA 791
Applicable UL, ANSI/UL, or other nationally recognized electrical product safety standards
Luminaries (lighting fixtures) and signs including neon, LED and messaging type signs.
Medical and dental equipment.
Information technology equipment including UPS systems, electronic control equipment,
Wet location equipment including pools, spas, hot tubs, fountain equipment.
Hazardous location equipment that has listed components for the area or is purged pressurized or ventilated in accordance with NFPA standards to be changed to unclassified status.
