<i>Renewal fee (2-year period)</i>	\$13,500

Here's how our fees work:

IAS has application fees and assessment fees.

- The application fees are listed above. The initial fee covers one year of accreditation.
- Assessment fees apply for the initial assessment (before granting accreditation), the surveillance assessment (after the first full year of accreditation), the six-month certification file reviews (after the surveillance assessment), and re-assessments (starting every two years after the surveillance assessment).
- Assessment fees include \$900 per 8-hour day per assessor for on-site assessments, \$700 per 8-hour day for assessor travel time, and other related travel expenses (at cost). Assessment fees are based on your product certification agency's location and scope of accreditation.
- A document review fee of \$2,250 applies for new applications.
- The new application and renewal fees include one category of product certification. IAS offers discounted fees for clients wanting to add additional branches and/or categories to their scope of accreditation.
- IAS does not assess surcharges based on the gross revenues of accredited certification agencies.
- Please contact IAS at 562-364-8201 for a fee estimate.

All fees listed in this schedule apply to product certification agency applicants located in North America (U.S.A., Canada and Mexico). For a breakdown of fees for product certification agencies located outside of North America, please contact us at 562-364-8201.
