

International Accreditation Service

CERTIFICATE OF ACCREDITATION

This is to signify that

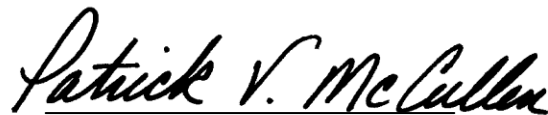

TERNIUM MEXICO - PLANTA DE EDIFICIOS METALICOS

CARRETERA MONTERREY-LAREDO KM 22.5
CIENEGA DE FLORES, NUEVO LEON 65550, MEXICO

Inspection Program for Manufacture of Metal Building Systems MB-101

has demonstrated that its in-plant inspection program for Manufacturers of Metal Building Systems (AC 472), Part A-Fabrication of Structural Weldments and Cold-formed Products Requiring Welding; Part B-Fabrication of Cold-formed Products Not Requiring Welding; and Part C-Design of Metal Building Systems is in compliance with the International Accreditation Service, Inc., requirements for accreditation and is recognized under Section 1704.2.2 of the 2000, 2003 or 2006 *International Building Code*®, commencing June 22, 2011; expiring June 21, 2012.

Fabrication inspection procedures covered by this certificate are conducted in accordance with the fabricator's approved quality control manual. Periodic plant inspections are conducted by Smith-Emery Laboratories, Inc. (AA-554), at Ternium Mexico - Planta de Edificios Metalicos, Carretera Monterrey-Laredo Km 22.5, Cienega de Flores, Nuevo Leon 65550, Mexico, to monitor the fabricator's quality management system verifying continual compliance with the requirements as listed in the above scope of accreditation. Accreditation is limited to the specified inspections related to the fabrication processes and procedures only. Accreditation does not cover the product, or the design or performance characteristics of the fabricated product.
