Inspection Program for the Manufacture of Metal Building Systems MB-157  
Operating within the corporate umbrella of BlueScope Buildings North America, Inc. MB-203

has demonstrated that its in-plant inspection program for Part C-Design of Metal Building Systems, is in compliance with the International Accreditation Service, Inc., Accreditation Criteria for Inspection Programs for Manufacturers of Metal Building Systems (AC472) and is recognized under Section 1704.2.2 of the 2000, 2003, 2006 or 2009 *International Building Code*®, commencing March 29, 2011; expiring March 28, 2012. Manufacturing must be performed by an IAS-accredited facility under IAS AC472.

Procedures covered by this certificate are conducted in accordance with the fabricator's approved quality control manual. Periodic plant inspections are conducted by Professional Service Industries, Inc. (AA-660), at 2250 Lower Lake Road, Saint Joseph, Missouri, to monitor the fabricator's quality management system verifying continual compliance with the requirements as listed in the above scope of accreditation. Accreditation is limited to the specified inspections related to the fabrication processes and procedures only. Accreditation does not cover the product, or the design or performance characteristics of the fabricated product.
