

CERTIFICATE OF ACCREDITATION

This is to attest that

PRECAST/PRESTRESSED CONCRETE INSTITUTE

200 WEST ADAMS STREET, SUITE 2100
CHICAGO, ILLINOIS 60606

Management System Certification Body MSCB-110

has met the requirements of AC477, *IAS Accreditation Criteria for Management System Certification Bodies*, and has demonstrated compliance with ISO/IEC Standard 17021-1:2015, *Conformity assessment – Requirements for bodies providing audit and certification of management systems*. This organization is accredited to provide the services specified in the scope of accreditation maintained on the IAS website (www.iasonline.org).

This certificate is valid up to February 1, 2021.

Accredited Since February 1, 2016.

This accreditation certificate supersedes any IAS accreditation bearing an earlier effective date. The certificate becomes invalid upon suspension, cancellation or revocation of accreditation. See www.iasonline.org for current accreditation information, or contact IAS at 562-364-8201.

A handwritten signature in black ink, reading "Raj Nathan", positioned above a horizontal line.

Raj Nathan
President

IAF MLA Signatory for Management System (QMS, EMS, ISMS, FSMS, EnMS, MDQMS)

Note: The above scope of accreditation is based on the statistical nomenclature for economic activities NACE rev. 2 and recommended by IAF ID 1:2014.

The scope of accreditation represents broad classifications granted by IAS on the basis of the management system certification processes demonstrated by the certification body (CB). Accreditation is based on the competence and ability to effectively apply the requirements of the relevant certification standards listed in the CB's scope of accreditation. IAS accreditation entails review of the CB's own management system, on-site assessment of the CB's certification processes, review of CB's access to expertise including onsite observation of the CB when conducting certification audits at client sites. Under the conditions of accreditation, the CB is obligated to use equivalent certification practices covering the specific scopes as listed for all clients and as demonstrated during the accreditation process. Accreditation does not cover certification in areas outside the scope of this accreditation certificate. Accreditation does not imply endorsement of the products or the design or performance characteristics of products certified by the CB.
