Did the trainer/facilitator help bring out new group ideas?				1	4
Did the trainer/facilitator help close out discussions?				1	4
Would you accept this trainer/facilitator again?					5

Participant Feedback	IAS Response
Please plan a training on ISO/IEC 17024 requirements.	This has since been done.
The course exercises was very advance and complex without any guidance document to help understand and complete them.	Trainer will provide more guidance for completion of exercises on future sessions
Please organize online training for other standards like MD 5 & MD 22. Please plan training on IAF MD 4 as this is much required to establish adequate control for the ICT audit.	This has since been done and is part of the IAS IAF MD webinars.
Request IAS to please plan only virtual training as this saves time and money for travel which result to environmental contribution.	This is the plan for almost all of 2021

Other comments:

- Online is first time experience—good experience - got lot of knowledge – achieved objective. May attend more training like ISO/IEC 17024 or other
