Fire Resistance Products	Advanced Construction Technology Services (ACTS)
<ul style="list-style-type: none">Fire Rated Steel Doors	Certification scheme No. ACTS-KSA-QMS-DMM-C077, Issue No. 01 Scheme Type 5
<ul style="list-style-type: none">Fire Rated Wooden Doors	Certification scheme No. ACTS-KSA-QMS-DMM-C078, Issue No. 01 Scheme Type 5
<ul style="list-style-type: none">Fire Rated Partitions (Vertical)	Certification scheme No. ACTS-KSA-QMS-DMM-C079, Issue No. 01 Scheme Type 5

Notes:

- The product certification used most closely resembles a product certification scheme type as described in ISO/IEC 17067 (2013), *Conformity assessment — Fundamentals of product certification and guidelines for product certification schemes*.
 - Type 5:** The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfill the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes audit of the management system, an initial audit of the management system will be needed
