

CERTIFICATE OF ACCREDITATION

This is to attest that

CAROLINA METAL BUILDING TECHNOLOGIES, INC.

2615 NC HIGHWAY 49
NEW LONDON, NORTH CAROLINA 28127, U.S.A.

Inspection Practices of Metal Building Assembler MBA-149

has met the requirements of AC478, *IAS Accreditation Criteria for Inspection Practices of Metal Building Assemblers*, who are engaged in the assembly of metal buildings under DOT code 801-381-010. The organization has met the AC478 rules and criteria requirements of having a Quality Management System and verification that their documented processes and procedures are being followed at the job-site specific inspection to be compliant with OSHA Section 1976.750-761.

This certificate is valid up to February 1, 2027

Accredited Since January 24, 2026

International Accreditation Service
Issued under the authority of IAS management

This accreditation certificate supersedes any IAS accreditation certificate bearing an earlier date. The certificate becomes invalid upon suspension, cancellation or revocation of accreditation. See the IAS Accreditation directory on the web at www.iasonline.org for current accreditation information
